Resolution

The Standing Committee of European Doctors, meeting in the Hague, 12-13 November 1999 :

1. Deplores the decision of the European Commission to cancel the November 1999 meeting of the ACMT.
2. Believes that the continuing failure of the Commission to support the acMT undermines the drive to improve standards and is therefore contrary to patient's interests.
3. Requests the President to transmit these views to the Commission.
